Dr. Whippy, is a machine that offers soft scoop ice cream according to the perceived happiness level of the customer. Employing voice-stress analysis of the user's answers to specific questions, varying degrees of unhappiness are measured and the counteractive quantity of ice cream is dispensed: The more unhappy you are the more ice cream you need. Design: Demitrios Kargotis, www.demitriuskargotis.com

Braces, design: Moon Young Shin, www.moon-shin.com

Little Bird, based on the shape of water-whistles, this is a vase for one flower. Design: BCXSY, www.bcxsy.com
